What is an Innovate Artist

A Lincoln Arts Centre Innovate Artist is an artist, company or collective either early in their career or at a critical juncture in their career. They work with Lincoln Arts Centre to develop new ideas, or support existing projects.

Innovate artists can work on self-initiated ideas or be placed on a project being delivered at the arts centre.

You will join a family of Innovate of Artists from a range of disciplines which will grow each year, with between 20-25 artists, collectives or companies by the end of 2026.

So far we've worked with six artists and companies who have developed new ideas, built sets for their shows, developed funding bids for ideas, gone on international go-see trips and research and developed a new idea which have been tested in front of audiences.

Every year we will work with a new cohort of Innovate Artists who will receive a seed commission to explore a new artistic idea. In addition to a host of entrepreneurial guidance, templates and support to turbo charge your professional career.
